Subject: RE: Oct 2014 Report, Operations 5 year report "Grumman" ONCT

Hi Carol and Henry,
Yes, Hannon, not Putnam. You know I'm terrible with names.
Henry sent me the report and I downloaded it without issue.
Regards,
Rob

Subject: Oct 2014 Report, Operations 5 year report "Grumman" ONCT

Hi Steven and Henry,
At a meeting and teleconference yesterday, Ed Putnam from Northrop Grumman mentioned they had submitted a report last Oct to NYSDEC in compliance with a periodic review of the ONCT system for the Northrop-Grumman Bethpage facility. There is some information in that related to their replacement well extraction well "3R" and if the report is available in pdf format, I would appreciate a copy for reference. I believe this is called the "Periodic Review

Report". I don't plan on commenting on the report, but it is needed for my work on the Hooker-Ruco Polymers Superfund site groundwater remedial action.

I heard a rumor Spring is coming...by July.

Regards

Rob Alvey
